Revision 73f2fc18 - 2009-03-24 01:29 - Marc Dequènes

[evol] language can be forced in the user admin page (closes #6) (no user interface yet)

History

#1 - 2009-02-15 20:33 - Marc Dequènes

MyCyma just uses the langage advertised by the browser (see browser preferences). This is good because a langage is choosen properly **before** even being loggued (or if you're just a mere visitor). I don't see any reason to override this setting. Would you please give a proper rational of situations where it would be better handled this way ?

We might add such a preference setting in MyCyma, but then i would suggest to have an "auto" mode selected by default, working with the browser preference.

#2 - 2009-02-15 20:34 - Marc Dequènes

- Status changed from New to Feedback

#3 - 2009-02-16 00:31 - Pierre-Louis Bonicoli

Even google allow users to choose language of the interface ;)
Moreover user could be connected from a cybercafé.

#4 - 2009-02-28 14:27 - Marc Dequènes

- Category set to Admin UI

- Status changed from Feedback to In Progress

- Priority changed from Normal to Low

Should allow **forcing** the user langage.

Please not a user cannot yet change its preferences by himself yet (but this is another issue).

#5 - 2009-03-24 01:30 - Marc Dequènes

- Status changed from In Progress to Resolved

- % Done changed from 0 to 100
