Target version:	Branch:
Patch Available:	Security:
Found in Versions:	Help Needed:
Confirmed: No	

Description

I couldn't find compilation instructions in the provided docs.

```
$ aclocal && autoheader && autoconf && automake --add-missing && autoreconf -ivf
$ ./configure --prefix=/usr/local/bin
<snip>
./configure: line 5105: AX_C___ATTRIBUTE__: command not found
<snip>
checking that generated files are newer than configure... done

Thanks, apparently I'm blind =)

Would there be a way to make it clearer in the configure script that the environment is missing autoconf-archive ?

#3 - 2018-12-12 01:44 - Arnaud Cornet
