Description

Cron <root@Toushirou> ionice -c3 srv_ftp_bip_update
chown: invalid group: 'pilou:prj-bip-webmasters'

group prj-bip-webmasters doesn't exist:

```
$ getent group prj-bip-webmasters
$ ls -l /srv/ftp/ftp.duckcorp.org/public/bip/bip-0.9.0-rc.1.tar.gz
-rw-r--r 1 pilou 15101 273464 Nov 13 2016 /srv/ftp/ftp.duckcorp.org/public/bip/bip-0.9.0-rc.1.tar.gz
```

It seems group prj-bip-webmasters existed but has been removed:

- should this group be created
- or should prj-bip-devs be used instead ?

I guess it was removed but I do not remember. `prj-bip-devs` seems fine to me; we are the only persons caring for it anyway.

I updated the script and it works well again. Thanks for the report.
